

# FUNDRAISER

## What is DIY Fundraising?

DIY Fundraising is where YOU decide where, when, and how to raise money for Traveling Stories. We provide a variety of tools and resources to help you do it your way, easily, and with a great experience.

## What types of fundraisers can be created on the DIY platform?

### ON YOUR OWN

You will create a donation page in which you can ask for donations from others.

Need ideas for fundraising?

Do what you love (biking, baking, painting), challenge yourself (go skydiving, do 10 hours of yoga every week), or donate a special day (birthday, wedding.)

### WITH A GROUP

You will create a donation page or invite others to form teams for your fundraiser. This works great when many people will be asking for donations. Fundraise with your school, friends and family, clubs or organization.

All these fundraisers can be created by going to [travelingstories.org/fundraise](http://travelingstories.org/fundraise).

### IN MEMORY OF

You will create a tribute page and invite others to donate in memory of a loved one.

Visit [travelingstories.org/fundraise](http://travelingstories.org/fundraise) to get more tips and tools for your fundraiser!
